PROFILE

I'm a software developer with experience in full-stack web and app development, non-relational database (MongoDB), and deployment. As a dedicated problem solver, I display strong skills in JavaScript and supporting languages/libraries/frameworks that solve real-life problems through code. I am proficient in working with NodeJS and NextJS to create scalable web applications.

SKILLS

- Strong Communication
- TypeScript and NextJS
- Flexibility and Adaptability
- Problem-Solving
- NestJS and MongoDB
- Project Management Tools
- Agile Framework
- Analytical and Critical Thinking
- Decision Making

EXPERIENCE

April 2021 - September 2022

FULL STACK WEB DEVELOPER

Nawvel

- Worked with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability, and performance.
- Gained experience working with front-end and back-end technologies such as NextJS, NestJS, and MongoDB.
- Deployed an API and user interface to AWS using Beanstalk, AWS Amplify, and AWS Lambda.
- The product got the #2 spot on Product Hunt, and we got 1000+ signups on the first day.
- Reduced the overall deployment cost by more than 50% by using the required number and type of instances.

EDUCATION

BACHELOR OF TECHNOLOGY

Jamia Millia Islamia University
2017 - 2021
